# INTRODUCTION

At Kitchen-Finder, we are a team of German kitchen specialists, and we support kitchen businesses worldwide through our specialized service portfolio.

With our service solutions centered around marketing & lead generation, design, training & installation as well as customized business consultancy service, we provide kitchen businesses the option to increase performance, reduce significant operational costs and to work towards operational excellence.

We operate from Dubai in the United Arab Emirates, and provide our services online and offline, and according to the individual needs and requirements of our business partners.

Are you ready to grow and scale your kitchen business?

*"We are a team of passionate industry professionals with over 50 years of combined experience in the kitchen and furniture industry"*

## OUR TEAM

With our internationally experienced team of kitchen and furniture design experts, we have worked on many different projects around the world.

From the most luxurious individual villas, over exhibitions and showrooms, all the way to large scale housing developments.

We pride ourselves with our in-depth industry and product knowledge and believe that by sharing our expertise with you, we can add value to your requirements.

## OUR MISSION

---

To offer a wide range of service solutions that help our business partners worldwide to grow and scale.

## OUR VISION

---

To become the leading service solution provider when it comes to outsourcing functions.

## OUR VALUES

---

To deliver services of excellence in a collaborative, transparent and reliable way.

# OUR BUSINESS SOLUTIONS

## MARKETING & LEAD GENERATION SERVICE

Kitchen-Finder's marketing & lead generation service provides business partners worldwide with more (online) visibility whilst generating high quality sales leads.

Business partners as well as other related businesses can request a free marketplace listing for increased brand reach, visibility as well as sales leads.

In order to increase performance and results, Kitchen-Finder offers business partners the service of a unique marketing approach as independent solution provider that guarantees sales leads through paid advertisement on social media.

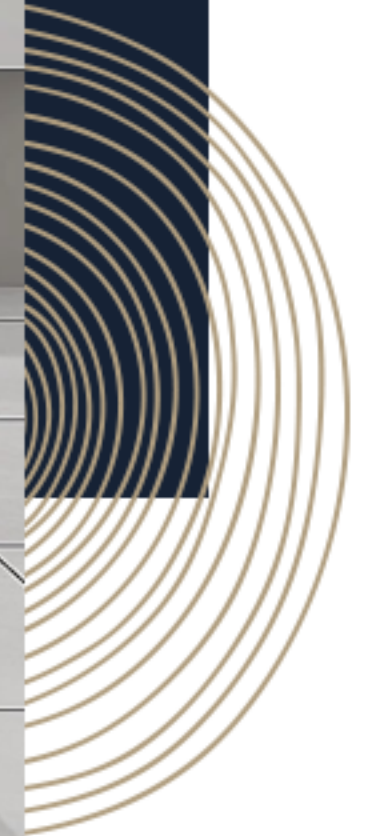

## KITCHEN & OTHER ROOM DESIGN SERVICE

Kitchen-Finder's design service provides business partners worldwide with ready-to-order file sets on brand / manufacturer specific level using Winner Compusoft.

Kitchen-Finder can cover all your design function needs, from design support on RETAIL + PROJECT and SHOWROOM level.

There are many reasons on why to use Kitchen-Finder's design service, and maybe the following reasons will work for you.

- Reduced software cost
- Reduced equipment cost
- Reduced office space or rent cost
- Reduced HR or OTHER STAFF cost

## TRAINING & INSTALLATION SERVICE

Kitchen-Finder's training service provides business partners with the opportunity to train sales, design and installation teams to fully maximize their potential.

Training is defined as teaching, or developing oneself or others, any skills and knowledge that relate to specific useful competencies. It has the specific goal of improving one's capability, capacity, productivity and performance.

Kitchen-Finder's installation service provides business partners worldwide with access to high-quality German installation and supervision service on VIP RETAIL, PROJECT and SHOWROOM level.

## BUSINESS CONSULTANCY SERVICE

Kitchen-Finder's consultancy service provides business partners with access to an internationally experienced sales & management professional with proven track record in the kitchen industry.

- How do I choose the right brand for my kitchen business?
- How do I write a business plan for my kitchen business?
- How do I best structure my kitchen business?
- How do I sell more at better costs?

These are just some typical questions that we tackle as part of our business consultancy that can either happen online and offline.
